With flexible layouts and eco-friendly features, these spaces cater to companies of all sizes, fostering collaboration and productivity in a dynamic environment.

Moreover, our commitment to sustainability ensures that our offices not only meet the needs of today's businesses but also contribute to a brighter future.

# COMMITMENT to a Greener Future

Sustainability isn't just a buzzword at RAK Central – it's a foundational principle that guides its development.

We've actively pursued LEED Gold Certification, which meant:

- Reducing CO2 emissions.
- Promoting environmental sustainability.
- Enhancing energy efficiency and performance.
- Optimising indoor air and environmental quality.
- Prioritising the sustainability of all the materials we use.

Implementing these measures wasn't easy, but it's a testament to our dedication to creating a more sustainable future.

# Dedication to Enhancing the Emirate's Global Appeal

Marjan, as the premier master developer in Ras Al Khaimah, has solidified its reputation through a series of strategic and innovative projects that have significantly contributed to the region's development.

*Their flagship venture: Al Marjan Island exemplifies their expertise in creating world-class waterfront destinations – attracting international investors and tourists alike.*

Marjan's commitment to sustainability, community engagement, and economic growth is evident in their comprehensive development approach – offering 100% foreign ownership to encourage global investment.

By prioritising investor support and project management excellence, Marjan has achieved key milestones that underscore their role in transforming Ras Al Khaimah into a thriving hub for life, work and leisure.

The emphasis on strategic development – coupled with their proven track record – makes Marjan a cornerstone of Ras Al Khaimah's urban and economic transformation.

RAK Central will further contribute to the Emirate's reputation as one of the fastest-growing investment and tourism destinations and will expand the modern cityscape of Ras Al Khaimah from the waterfront further inland.
